Step one:
Tell us what is upsetting you and why.
If your complaint can be sorted by you talking to the person you are unhappy with - we can help you do this.

Step two:
Our promise to you is that we will treat what you say in confidence.
We will only tell people that need to know - we will also tell you who we tell.

Step three:
After you have talked to them and if you are still upset about how they are treating you, we could talk to them for you.

Step four:
If you do not feel you can talk to us, we will find you an Advocate who will help you to talk about it.

Step five:
If we think your complaint needs to go to POVA - (Protection of Vulnerable Adults). We will help you in this process. We can also provide you with an easy to read copy that will explain everything to you.

Step six:
We will make sure that the care you receive will not be affected after you make a complaint. If you are worried about this we will help you.
