GOING DOWN
The law's changed.
Cannabis has moved on down.
from a Class B drug.
to a Class C drug.
But it's still illegal.
Are you up for it↑
Caught with a spliff when you’re 17 or under?

You’ll be arrested & taken to the police station for a formal warning.

If you’re caught again you could end up in court.

Cannabis is still illegal.
Pleasant dreams of faraway places? Planning a holiday Down Under? A trip to New York?

Some countries might not let you in if you’ve got a drug conviction.

Cannabis is still illegal.
