Fireworks will scare your pets, so keep them safely indoors.

Only adults should light and hold fireworks.

Never give sparklers to a child under five.

When you are watching fireworks, always stand well back.

When a sparkler goes out, DON'T TOUCH IT. It could still burn you, so put it in a bucket of water, hot end down.

You have to be 18 years old before you are allowed to buy fireworks in the shops. Never play with fireworks. They are dangerous and can hurt you.

Never go near a firework when it has been lit. Even if it hasn’t gone off, it could still explode.

If you are given a sparkler, always wear gloves. Always hold sparklers at arm’s length.
